DRAWING AMENDMENT

In accordance with 37 C.F.R. § 1.136(a), please grant any extension of time that this paper requires but no accompanying paper requests. Also, please charge any additional fee occasioned by this paper, or credit any overpayment, to our Deposit Account No. 06-1448, Reference BSC-005.01.

In response to the Notice of Draftsperson's Patent Drawing Review that accompanied the Notice of Allowance dated October 7, 2004, Applicant submits the accompanying replacement sheets in place of all drawing sheets originally filed. The new

sheets differ in that they omit the original drawings' solid black and gray shading. Additionally, stippling has been substituted for the gray shading in Fig. 7's elements 703 and 715 and in Fig. 8's element 713. Since no features have been added and the changes do not lend themselves to presentation in annotated drawing sheets, no such sheets are submitted herewith.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'J. Born', is written over a horizontal line.
